

# Kansas Trane

products

Kansas Trane Company • kansastrane.com

- Complete line of light commercial, commercial & industrial HVAC products
- Tracer Summit Building automation & DDC control systems
- Complete service on all brands of commercial & industrial HVAC equipment
- Complete service on HVAC controls
- OEM parts for most commercial Trane equipment
- Training workshops on Trane equipment & basic HVAC principles

Semco • semcoinc.com

- Innovative heat recovery solutions & custom air handling equipment
- Energy recovery products for light commercial, commercial & industrial applications
- Sensible & total recovery wheels, active & passive desiccant dehumidification technology

Mitsubishi/City Multi • mrslim.com

- Mr. Slim offers a complete line of ductless mini-split systems & controllers
- City-Multi offers a single outdoor unit tied to multiple zones for simultaneous heating & cooling

Valent • valentair.com

- High outdoor air rooftop systems
- Designed for building owners & specifying engineers
- Designed for installing contractors

Innovent • innoventair.com

- Commercial/industrial energy recovery equipment
- air/water cooled
- heat pump systems

TAS Packaged Central Plants • tas.com

- Manufacturer of high efficiency customized package chilled water plants
- Integrated chiller plants with pumps, VFDs, towers, controls, boilers, electrical

RenewAire • renewaire.com

- Residential & commercial energy recovery ventilators
- Efficiently transfers heat & humidity without rotating wheels

Change' Air • changeair.com

- Unit ventilator manufacturer
- Designed specifically for schools
- Specializes in meeting the needs of older school structures

Filtrine • filtrinemfg.com

- Specialty chiller for medical, process & food/bakery applications
- Drinking water systems, drinking fountains & water coolers

Calmac • calmac.com

- Thermal energy storage equipment for off-peak air conditioning

Hastings HVAC • hastingshvac.com

- Commercial & industrial heating, ventilating & air conditioning equipment
- Company-staffed field service organization

Brasch • [braschmfg.com](http://braschmfg.com)

- Electric heating equipment, open coil & fin tubular duct heaters & unit heaters
- Control panels & carbon monoxide, nitrogen dioxide & refrigerant gas detectors

United Cool Air • [unitedcoolair.com](http://unitedcoolair.com)

- Flexible air conditioning systems for unique applications
- Internally-mounted condensing system that allows heat removal when outside space is limited or non-existent.

Spinnaker • [spinnakerindustries.com](http://spinnakerindustries.com)

- Indoor & outdoor energy recovery ventilators
- Wide selection of HVAC equipment accessories

Multiaqua • [multiaqua.com](http://multiaqua.com)

- Flexible chilled water & DX air conditioning systems
- Air cooled chillers, air handlers & fan coils

Motivair • [motivair.com](http://motivair.com)

- Manufactures closed loop cooling systems, chillers & refrigerated air dryers

Guntner • [guntnerus.com](http://guntnerus.com)

- Delivers knowledge & products for refrigeration, process cooling & HVAC applications
- Fluid & refrigeration coolers

Dynamic Air Cleaner • [dynamicaircleaners.com](http://dynamicaircleaners.com)

- Indoor Air Quality solutions through electronic air filtering
- Applications include schools, medical, office, home, industrial, hospitality & gaming

Friedrich • [friedrich.com](http://friedrich.com)

- Ductless split systems, window air conditioners & through-the-wall units
- Air cleaners & dehumidifiers

Addison HVAC • [addison-hvac.com](http://addison-hvac.com)

- Heating, cooling & dehumidification products
- Commercial & industrial installations
- New construction & retrofit applications

PoolPak • [poolpak.com](http://poolpak.com)

- Indoor pool comfort products
- Rugged construction, dependable operation

Canatal • [canatal.com](http://canatal.com)

- Market specific precision air conditioning equipment
- Great for computer rooms, telecommunication, laboratory, medical, industrial & electronics
- Precision control of environments' temperature, humidity, filtration & airflow
